

COVID-19: New policies and procedures for both staff and patients

SANITIZING

Patients are required to use hand sanitizer upon entering the office. If a patient would like to wear gloves brought from home, we ask that a new pair of gloves be worn upon entering the office to avoid any outside contaminants.

Staff will sanitize every staff and patient contact area before and after each patient. This includes, but is not limited to: chairs, door handles, pens, ipads, desk surfaces, faucet handles, eyeglass frames, credit card scanners, screening tools, and exam testing equipment.

To avoid contamination of other items, any item touched by a patient should be immediately given to a staff member for sanitization when finished with use.

MASKS

We ask that you come to your appointment wearing a mask.

ALL STAFF AND PATIENTS WILL BE REQUIRED TO WEAR A MASK IN THE OFFICE.

Despite the temporary discomfort, we encourage the use of masks to protect each other, not ourselves. Our staff, patients and their families appreciate your thoughtfulness and cooperation.

SOCIAL DISTANCING

Only one patient per appointment will be allowed in the office, apart from an accompanying parent or guardian for minors, or a necessary caregiver. Only the patient with the appointment will be allowed in the office lobby all others will have to wait in the main building lobby.

SCREENING

We are screening both staff and patients for the following COVID-19 related risk factors. If any of the following apply to staff or patient, they will be asked to reschedule their time at the office to a later date:

- Experiencing flu-like symptoms
- Have a temperature of 100°F or greater
- Have coughing, shortness of breath or other COVID-19 related symptoms
- Have known exposure to COVID-19 and/or traveled from a known hotspot in the past 14 days.

If you are unsure if any of the above apply to you, or you are unsure on how to proceed, our staff will be happy to provide you with recommended next steps, timetables for rescheduling, and resources. Thank you for choosing Goodless Dermatology, LLC
